

WHAT'S AFTER FAME II? THE ROAD AHEAD.

[EV STAKEHOLDER CONSULTATION]

2nd August 2023
09:00 to 17:00 hrs

India International Centre,
Multipurpose Hall, New Delhi

Ecosystem Partner

CLIMATE GROUP

India Electric Mobility Council (IEMC) is India's leading and dedicated platform with active participation from all EV ecosystem industry players.

India Electric Mobility Council (an IESA initiative) explores opportunities to exploit R&D potential, manufacturing of E-Mobility technologies and adoption of clean transport. IEMC also works with the key government and various stakeholders to address the barriers.

As you are aware, FAME II, one of the key drivers for EV Growth will be applicable till 31st March' 2024. With the objective of sustaining continued growth, Industry is reaching out to the Government to continue the scheme and the government is accepting industry inputs for future schemes.

As a leading and dedicated EV platform, India Electric Mobility Council is organizing Industry Stakeholders' Consultations to understand in detail what the EV industry needs to help sustain growth in the ecosystem, consolidate Industry Inputs and facilitate government interaction.
